

AUS NT - Suicide discovered at Ichthys camp

28 July, 2015 [Ben Hagemann](#)

Social media reports have revealed another FIFO worker has ended his life in camp.

The as yet unidentified worker was found dead in his room at the Ichthys Project camp yesterday.

Palmerston police confirmed they were notified of a death in the Manigurr-ma Village last night, and are presently investigating.

Located in the Northern Territory, the Ichthys LNG project is run by Inpex.

The Manigurr-ma Village has capacity for 3500 workers, the requirement for peak capacity of the project.
